Nupsala's Free Intra-Articular CPD:  
Attendee Experiences & Course Highlights

## ADVANCING VETERINARY EDUCATION THROUGH PRACTICAL CPD

Nupsala has delivered free, high-quality CPD focused on intra-articular procedures, helping veterinary professionals build confidence in joint injections and related techniques.

Across three sessions, over 60 veterinary professionals have benefited from comprehensive, practical training, from newly qualified vets to experienced clinicians looking to refresh their knowledge of intra-articular therapies.

### What to expect:

- ✓ Hands-on practical sessions to build skills and confidence
- ✓ Expert guidance on anatomical landmarks, joint fluid collection, and intra-articular administration techniques
- ✓ Small-group learning with experienced, supportive faculty
- ✓ Concise, high-impact educational seminars
- ✓ Lunch, refreshments, and networking opportunities included

Our goal is simple: to provide practical education you can apply confidently in practice from day one.

Free practical, hands-on training

## Feedback from the Day

---

“Excellent discussions & practical sessions. IA injection practicals, very useful for identifying anatomical landmarks & understanding technique for injection”

- Anonymous CPD Attendee, 2025

“Massively boosted my confidence for IA injection sites and how to find them”

- Anonymous CPD Attendee, 2025

“The approachable speakers & Nupsala Team, Good opportunity for networking. Great to have cadaver opportunity.”

- Anonymous CPD Attendee, 2025

High quality of teaching. Good amount of practical aspects”

- Anonymous CPD Attendee, 2025

“I recently saw a 7-year-old Labrador for their first follow-up appointment after receiving a iPAAG in the right elbow, and I have been amazed by the improvement.

The dog is now showing very little lameness, appears much more comfortable, and is noticeably happier.

I am absolutely delighted with the outcome and look forward to using iPAAG with other suitable patients in the future.

Thank you very much for the CPD training. I am so pleased to now have another effective option available to help these patients and improve their quality of life.”

- Claudia Felstead, CPD Attendee, 2025

# JOIN US AT OUR NEXT CPD EVENT

---

If you would like to attend a future Nupsala CPD event, please register your interest by scanning the QR code below. We will contact you when places become available.

Attendance is free for veterinary professionals, with places limited to ensure a high-quality, small-group, hands-on learning experience.

Please note that places fill quickly and are allocated on a first-come, first-served basis.
